

# WeeePRO - Membership for Recyclers and Dismantlers

## What is Producer Responsibility?

Electrical and electronic waste (e-waste) is one of the fastest growing waste streams in the world. Environmental issues and many trades associated with e-waste at local, trans-boundary and international level has driven many countries to introduce interventions.

In accordance with the National Environmental Policy (NEP) and to address sustainable development concerns, there is a requirement to facilitate the recovery and/or reuse of useful materials from waste generated from a process, and/or from the use of any material, thereby reducing the wastes destined for final disposal and to ensure environmentally sound management of all materials requiring disposal.

The NEP also encourages legal recognition and the strengthening of informal sector systems for collection and recycling of various materials (please see 'Why WeeePRO?'). In particular, considering the highly recyclable potential of e-waste, such wastes should be recycled in an environmentally sound manner.

It is mandatory for all producers (including importers, e-retailers/on-line sellers/e-bay etc.) in India to seek EPR authorisation from the CPCB. Producers are required to have arrangements with authorised dismantlers/recyclers individually, collectively or by working with a Producer Responsibility Organisation. WeeePRO provide membership service level agreements for all types of Producers who choose to use a PRO to help meet their responsibilities and obligations.

## Why have Producers engaged WeeePRO?

WeeePRO is an incorporated PRO (Producer Responsibility Organisation) that provides Producer Compliance solutions post the introduction of regulated responsibilities for Global and India based producers.

The unique individual skills, knowledge and experience of the management team at WeeePRO are making it the perfect choice for large, medium or small producers in meeting all or part of their financial responsibilities under the E Waste Regulations 2016.

WeeePRO adheres to three strict principles of WEEE Compliance, each introduced and proven in its related European compliance schemes since 2007.

- Corporate Social Responsibility: We will only deal with the formal sector for the purchase of evidence
- Environmental Sustainability: Regulatory Peace of Mind through independent Quality Assurance
- Cost Effectiveness: Bridging the financial gap between the informal and formal sectors

## Why are WeeePRO Recyclers/Dismantlers Joining WeeePRO?

We believe passionately that it is the informal sector that presents the answer to the 23% growth required in the formal sector to meet the Government targets imposed on the Producers.

The opportunity for a positive impact on the health of hundreds of thousands of Indians estimated to be working in the informal recycling sector is good reason alone to consider our invitation to join WeeePRO as well as benefitting from new revenue returns when providing evidence to WeeePRO in support of its schemes obligation to collect evidence of recycling on behalf of its producer members.

WeeePRO Certified dismantlers/recyclers using the WSC (WEEE Settlement Centre) will benefit from:

1. Being a Certified Member where your evidence will be independently quality assured, bringing peace of mind for the Producer and SPCB in that the evidence is consistent and meets with the E-Waste Regulations
2. Evidence loaded to the WSC being allocated to either, the Schemes obligation or matched to a Producer who wishes to top up its evidence. In both cases a fixed contribution to your logistics will be paid to you upon allocation, subject to quality assurance, via WeeePRO
3. Evidence being loaded to the WSC which, you would then like to be qualified, in order to issue to a Producer under a private arrangement
4. WeeePRO Local' is the name of our licensed network of dismantling and collection centres across 50 cities where E-Waste is being collected on behalf of our Producer Members and made available for purchase to our Certified Recyclers:

## Membership for Recyclers and Dismantlers

WeeePRO is a business set up solely to deal with the compliance element of Producers Responsibility under EPR i.e. not a PRO which will compete with the formal recyclers in India or indeed even attempt to compete with the informal, but a PRO engaging both in an independently quality assured marketplace on behalf of its Producer's Members.

	WeeePRO Certified Service Includes
1	WEEE Settlement Centre Access (WSC)
2	Certificate of Membership (Only available to SPCB registered organisation)
3	Your own WSC Account with Evidence Tools
4	Evidence Allocation to PRO Scheme Obligations in India
5	Evidence Allocation to Producers Top Up Service
6	Evidence Independently Quality Assured for issuing to Producers & SPCB under Private Arrangements
7	<b>WeeePRO Local</b> – Exclusive Access to Purchase E-Waste collected on behalf of our Producers
8	<b>WeeePRO Certified</b> – Exclusive Licence to use <b>WeeePRO</b> Certified Brand in your Marketing
9	<b>WeeePRO</b> – Your Logo and contact details inclusion to the Certified Recyclers Register
10	Online Tools in Preparation of Annual Returns to SPCB
11	25% Discount on the Mandatory Training required for your Workforce

## Certified Membership for Recyclers and Dismantlers

The membership service level agreement has been designed to be flexible in response to the many types of profiles recognised by WeeePRO during its research and development since 2011. A key feature and benefit of Certified Membership is the independent quality assurance which will be the major task when engaging with Producers.

### 1. Certified Membership Summary

- a. Certified Membership of the WSC will be granted to Recyclers/Dismantlers who have a valid licence with its local SPCB and agree to a membership agreement for Dismantlers and/or Recyclers
- b. Certified Members are able to load to the WSC, evidence from it's own private sources for which, they have arranged or undertaken environmentally sound disposal. The evidence can be loaded for the following reasons
  - i. To be sold to the Scheme on a first come first served basis. Any evidence allocated to the Scheme will bring you a fixed return per KG
  - ii. To be sold via the Producer Top Up Service on a first come first served basis. Any evidence allocated to the Scheme here will bring you a fixed return per KG
  - iii. The Dismantler/Recycler seeking to independently qualify evidence to be supplied to any Producer under a private arrangement for a nominal fee
- c. Your allowance will be, initially the average reported to the SCPB in the previous two years. However, this may increased on application to the WeeePRO Scheme Manager, subject to you qualifying the reason for such growth
- d. Nothing in this agreement disqualifies a Recycler/Dismantler dealing directly with a Producer under private arrangements it actually is a win, win, for both Producers and Dismantlers/Recyclers alike

## What Next

1. Contact WeeePRO Scheme Manager via [membership.services@weeepro.com](mailto:membership.services@weeepro.com) for further details alternatively complete the application for Certification Form
